

HAPPY HALLOWEEN

Follow these simple directions to create your own Cartoon Network carved pumpkins!

1

Cut along the dotted lines

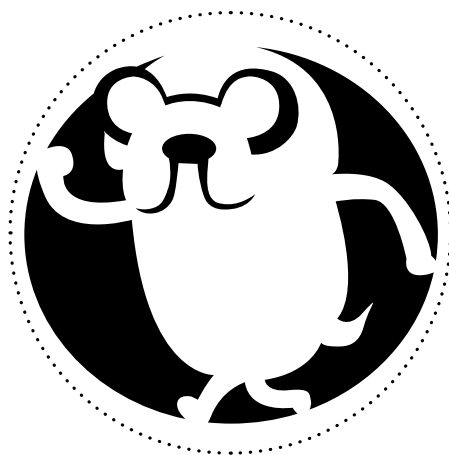

2

Tape the stencil onto your pumpkin.

3

Using a ball point pen, poke holes around the black areas on the stencil. You will be connecting these dots in the next steps, so make sure they are close together (about 1/8" should do it!).

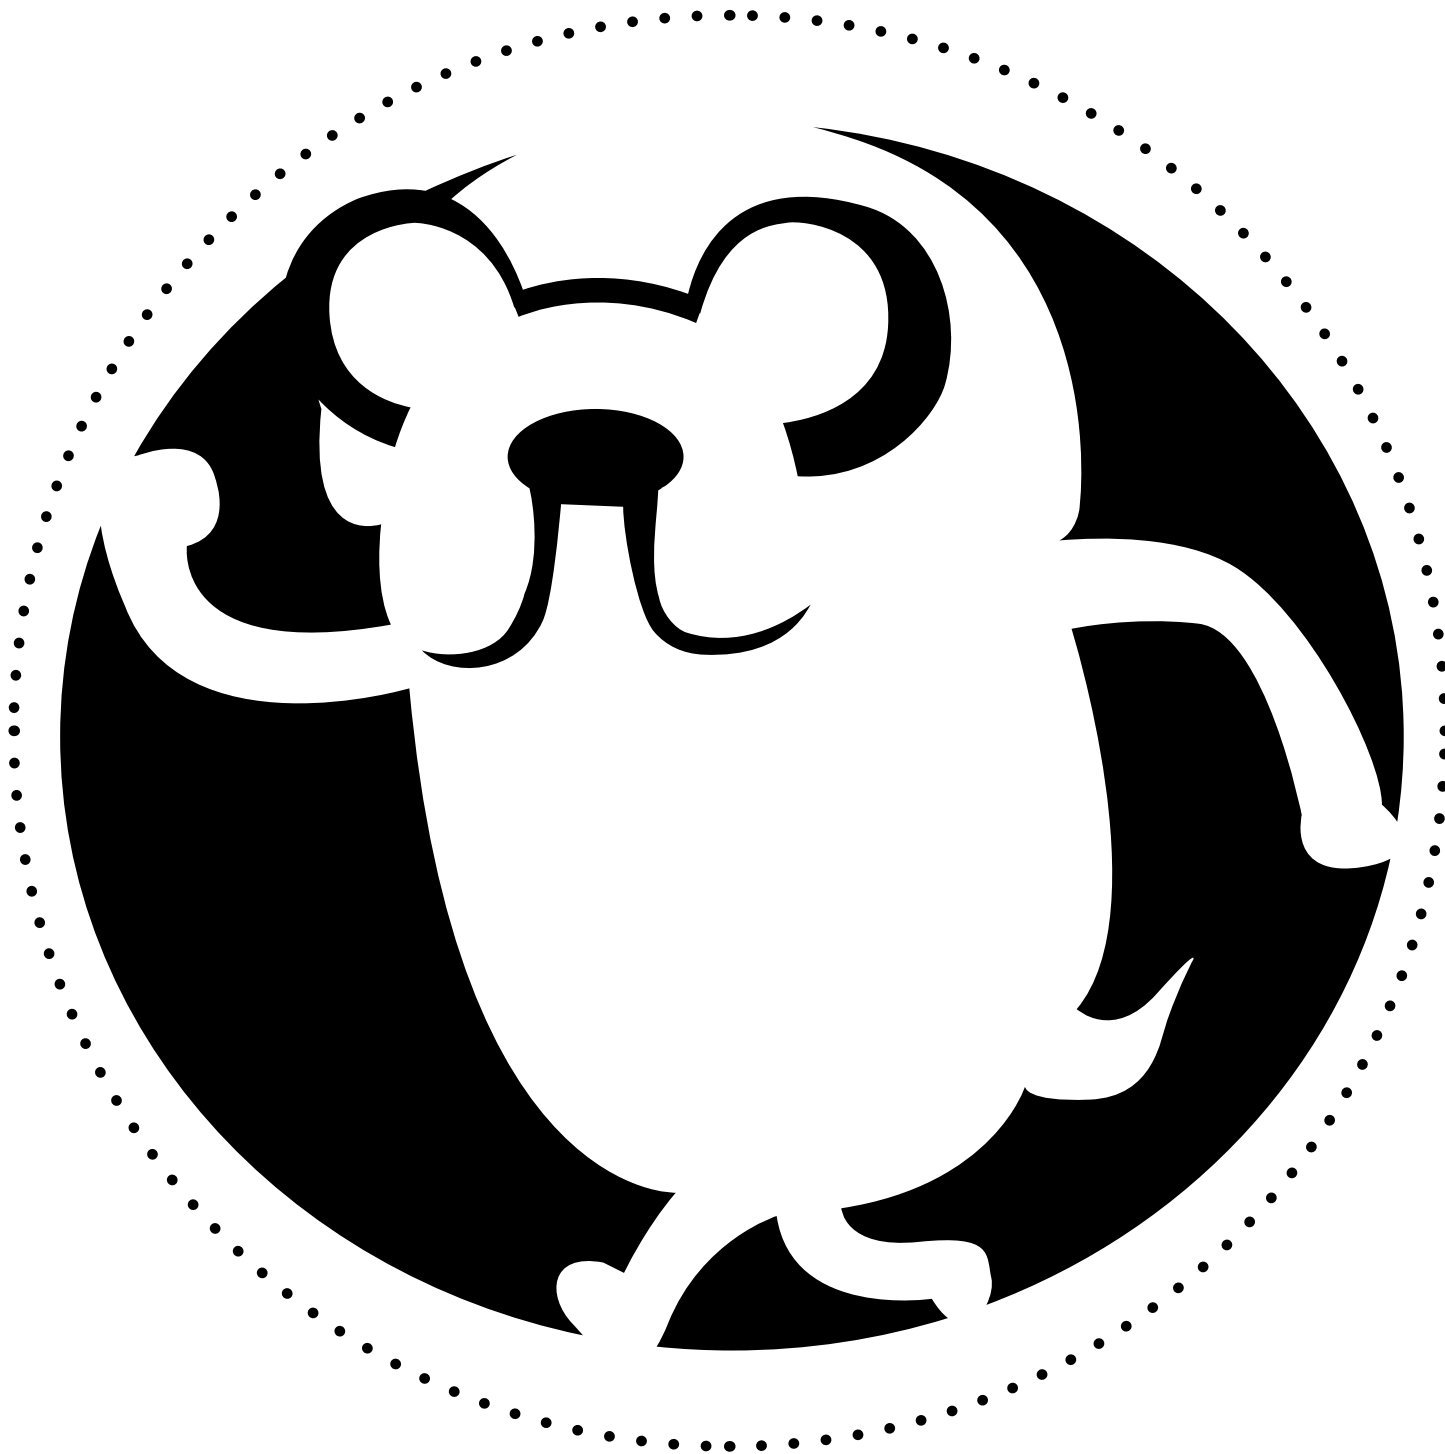

4

Remove your paper stencil.

5

Use a pumpkin carving tool to connect the dots!
