

take Laostyle in your life

- original fashion, gift and all your scenes

Contributing to local villagers We are pride of the products

We aim to support local villagers to increase income through your purchase.

But we provide products so that customers can be satisfied with our products by itself in terms of design, quality and all.

tradition → modernize

For your daily life...

The materials of our products have been used by local villagers in their life. The materials made in nature in the northern part of Laos are scarce even in Laos. But they are strong and excellent in terms of appearance.

PMC arranges those to products which are usable for daily life.

nature in Laos → gifts

For your memory of staying in Laos...

Oudomxay has a rich natural environment of Laos, surrounded with mountains and a blanket of mist.

PMC makes products straining for the nature of Laos. All processes of making products- harvesting materials, weaving and natural coloring- are made by local villagers in Laos. Long time has made great nature in Laos.

Please send our product made by the nature to your precious person as a gift.

PMC(Productivity and Marketing Center of Oudomxay) was established in 2009 under the joint UNIDO-UNODC project of Social and economic rehabilitation of former opium poppy-growing communities-Alternative livelihood development. PMC products are made of Kheuapiad(Jungle vine), Yaboi(Linden) and so on those are scarce even in Laos.

Today, PMC has many buyers from foreign countries: Japan, Korea, Singapore and so on.

PMC provides products proud for the world from a small town in the northern part of Laos.
